XXL i-Jack 25

Mobile headphone cable, 2.5 mm audio jack to 3.5 mm 90° audio jack

With its smaller audio jack plug sized 2.5 mm on the one side, this five-star audio cable is also suitable for latest-generation headphones because these often only possess the smaller audio interface. Thanks to the sheathing made from high-quality braided leather, it is extremely robust and delivers perfect shielding against interference. The inner conductor made from highly pure copper (HPOCC) with double aluminium and braided copper shielding guarantees authentic signal quality and highest connection stability. To achieve absolutely reliable connections and protection against corrosion, the cable comes with shielded full-metal plugs and 24-carat gold-plated contacts.

Features

- ✓ HPOCC® - mono-crystalline oxygen-free copper inner conductor
- ✓ 24- carat gold-plated contacts
- ✓ Multiple shielding
- ✓ Solid full-metal plug
- ✓ highly flexible cable
- ✓ Reliable contact
- ✓ Perfect for headphones, smartphones, MP3 players, tablet PCs
- ✓ strain relief with nylon-reinforced cable
- ✓ Robust and high-quality leather sheathing
